PROFILE SUMMARY

A backend developer with Python expertise, dedicated to combining technical skills and teaching to foster practical learning, contribute to scalable systems, and support students' academic and professional growth. Passionate about creating innovative solutions while inspiring and mentoring the next generation of learners.

WORK EXPERIENCE

National Textile University Faisalabad Manawala

National Freelancing Training Program DEC 2022 TO MARCH 2023

- I completed professional courses under the National Freelancing Training Program at National Textile University, Faisalabad, from December 2022 to March 2023. The training focused on freelancing platforms, client handling, and building a strong online presence.
- The program also enhanced my technical skills and ability to manage projects independently. It provided valuable insights into freelancing strategies and effective digital marketing techniques.

National Textile University Faisalabad Manawala

Teacher Assistant of Dr. Sajida Parvin

2025 - Present

- I am currently working as a Teacher Assistant for 6th-semester students in the Introduction to AI lab at National Textile University, Faisalabad. My role involves assisting students with Python programming and helping them understand key concepts of AI through practical implementation.
- Under the guidance of Dr. Sajida Parvin, I ensure students gain hands-on experience with Python-based AI tools and techniques. This experience has enhanced my teaching skills while allowing me to contribute to students' academic growth in a supportive environment.
